IF DENIED
If a request is denied by either biomed or finance, a **reason must be included** with the decision.
The original **requester will be notified** of the decision and reason.
The requester can then **re-submit** with appropriate changes, or simply leave the request as **Complete: Denied**.

IF APPROVED
Notifications are delivered to the original requester and accounting.
The **requester** may move forward with the approved disposition method.
Accounting must update any external financial database(s).
If the disposition is a **trade-in, purchasing** is also notified to move forward with acquiring the replacement.
The **warehouse dock** is notified when the disposition form is approved for **transfer, resale, donation, or scrap**.
